

## Supply Chain Due Diligence Reporting

### **Preamble:**

BONAS COUZYN (ANTWERP) NV has aligned its Supply Chain Due Diligence communication and reporting on RJC's Guidance for this subject. As a result, this document recaps the reporting requirements for Tier 1 and downstream companies (BONAS COUZYN's position in the diamond supply chain).

### **Reporting:**

1. Management Systems:

BONAS COUZYN has created a Supply Chain Policy document which has been sent to all its suppliers. The Management responsibility for the due diligence programme has been assigned to BONAS COUZYN's Managing Director, and adequate record-keeping systems and processes for information collection have been installed as per the Company's procedures for this subject.

2. Risk Assessment:

In preparation of its RJC Audit, BONAS COUZYN has engaged with all its suppliers by sending them its Supply Chain Policy and a Due Diligence Questionnaire, both accompanied by an explanatory letter on RJC's COP 7 and the Company's obligations in this respect. To date, the majority of suppliers have sent this questionnaire back, and the Company strives for 100% completion of supplier-response.

### **Response:**

To date, no specific risks have been identified in our supply chain, as such, no specific extra steps needed to be undertaken by the Company to manage risks, monitor and track performance of risk mitigation or to follow up any specific risk-areas.
